

Did You Know?

The challenges that over five million adults with developmental disabilities and their families face is the lack of opportunity to have meaningful work, be actively involved in the community in which they live, and have the supports to live independently.

In the United States today:

- 75% of the adults with developmental disabilities live at home with parents over the age of 70;
- By age 30, 95% are living in an environment where their family or guardian are the primary connection to a social life; and
- 90% do not have the opportunity to do any type of work, paid or unpaid. As a result, they often experience acute loneliness, isolation, boredom, and unfulfilled potential. These are frightening and dismal realities.

Why Mark 2 Ministries, Inc.?

Mark 2 Ministries (M2M) is a non-profit, charitable organization that is working to change the future for adults with developmental disabilities (hereafter referred to as "Friends"). As a state-licensed support service provider agency, M2M provides the support needed by each Friend to live independently and be a part of the community. In the work that we do with each Friend, we strive to value the gifts that each individual offers.

Our Goal For Each Friend

Our goal is to support each Friend to reach his/her full potential. We believe that the greater community has a need for our Friends to be a part of our lives as much as our Friends have a need for us to be a part of theirs. To this end, M2M works creatively on each Friend's behalf to provide the supports necessary to make this a reality.
